Ilmar Taimre

Koechlin Mix #1

for 2 oboes, oboe d'amore, cor anglais

Recomposed from motifs
of
Charles Koechlin

Performance Notes

1. A highly reverberant room or performance space is preferred.
2. As far as practicable, the four performers should be located at a considerable distance from each other, ideally at different points of the compass encircling the audience.
3. It is not essential for the players to be able to see each other or a conductor.
4. Note durations and metronome markings are not absolutely strict.
The intent is for performers to expressively respond to the musical calls of the others, rather than watch for any visual cues or gestures
(or be constrained by synchronizing mechanisms, such as click tracks).
